

Barriers and opportunities for companies in a circular economy

John Cleuren

Senior Policy Expert

Advanced Manufacturing Systems
and Biotechnologies Unit

DG Research & Innovation

European Commission

Research and
Innovation

Importance of legislation

Pb-free paints & gasoline

Substitution of CFC

Emissions from industry

REACH

Circular economy

Waste as raw material

Complex assemblies

Future question:

Can you recycle all of it?

H2020 Industrial Research programme

Industrial Sustainability

Contributions to:

**Climate
Energy
Circular Economy**

**Transforming European
Industry**

Contributions to:

**Industry 4.0
New products &
services**

→ capabilities to face societal issues & new legislation

and soon, Horizon Europe...
